Description

he Riviera airport is located 9 km north of Bellinzona and is distinguished by its different types of flights: helicopters, planes, drones and aeromodellers. The asphalt runway is 773 m long and 40 m width. There is no air traffic services, this implies that aircraft crews only transmit information useful for a smooth and safe operation. The airport is also used by the air force to train their future military pilots. The airfield is PPR to aircrafts not based in Lodrino. Please note that the layout for the circuits has been modified and it has not been published yet. The new version is available here. All pilots who would like to visit LSPR need a prior permission from Airfield Chief . MON-FRI: 0800-1200LT / 1315-1800 LT SAT: 0900-1200 / 1330-1700 LT SUN-HOL: 1330-1700 LT
